

10 kWh catl energy storage

10 kWh catl energy storage

Lithium ion phosphate Battery

This battery can be combined and add up to 16 batteries with a total 160 Kwh Power. This battery offer 10Kwh, 20Kwh, 30Kwh, 40Kwh, 50Kwh, 60Kwh, 70Kwh, 80Kwh, 90Kwh, 100 Kwh, 110 Kwh, 120 Kwh, 130 Kwh, 140 Kwh, 150 Kwh, 160 Kwh Power storage system.

1. Advanced lithium iron phosphate technology, first class battery control system made by Contemporary Amperex Technology, the world's biggest maker of electric-vehicle batteries who specializes in the manufacturing of lithium-ion batteries for electric vehicles and energy storage systems, as well as battery management systems (BMS).
2. Modular structure which can form varieties of energy levels, small size, convenient to maintain
3. Modular design, fast transportation and installation, easy to use
4. 12 years warranty, one stop service
5. Top level electric and structure design, silence enjoyment
7. Wall-mounted, convenient and easy installation

With modular structure, which can be flexibly composed of a variety of voltage platform, a variety of capacity level system, and easy maintenance.

The design of battery management system provides the highest reliability.

Using Lithium iron phosphate battery, which has high safety performance, long cycle life, with service life of more than 20 years.

Small size, light weight, easy to carry, which can be quickly applied to various scenarios.
