Elevate your energy solutions with Weize 12V 36Ah LiFePO4 Battery, setting a new standard in power, reliability, and efficiency. Embrace a greener and more sustainable future while unlocking limitless possibilities.

Take charge of your power - Trust in Weize, your energy expert.

WEIZE 12V 36Ah 460.8Wh LiFePO4 Lithium Battery

Bought a boat that had a small flooded cell marine battery and old Minn Kota. Bought the new iPilot and battery. Was leaning toward AGM for the bang for buck, but decided on this lithium as weight is significantly different, and makes a difference in a smaller aluminum boat.After practice days and a full day tournament on the water with the wind blowing 20+, this thing has been incredible. Ran the trolling motor all tournament and it had plenty left when I put the boat on the rack. Can't speak to longevity yet, but so far it's been perfect.

Great battery for the money. Battery tester shows results up to spec. Low resistance and cranking test voltage drops to 12. Fast shipping and battery packed well. Overall happy with purchase!

Quick ship & perfect fit in my trusty old 2005 Suzuki Grand Vitara. Arrived fully charged. Price was much better than any local competitor. Only time will tell how long this will last, hopefully similar to others I've had in this car which averaged over 6 years.

12v 36ah 5hr car battery

Easy ordering process, fast delivery and exact fit for our vehicle. Will definitely purchase in the future as needed.
