MORE CAPACITY! BigBattery's 48V 17 kWh LiFePO4 KONG Elite Plus battery is our best selling solar and off-grid solution.

Whether you're creating a huge solar system, taking your home or cabin off-grid, or just looking for a wealth of emergency power, this unit is the answer. The KONG Elite Plus comes equipped with our advanced BMS, which affords it a wide temperature operating range for all you winter warriors, brand new LiFePO4 cells, and sturdy, caster wheels so you can store your KONG Elite wherever you need.

With 300 Ah of capacity and a Continuous Discharge Current of 150A, this unit will provide you with efficient, safe power for all your home applications. Plus, it comes equipped with all the safety features you've come to expect from a BigBattery battery. With Short Circuit, Over Current, Over and Under Temperature, and Over and Under Voltage protections, you'll be staying powered, and staying safe through it all. Get yours today!

The 48V Off-Grid Home PLUS System was designed to completely power all your electronics and heavy duty home appliances in a 4-6 bedroom home. This system can be used as a large-scale emergency power backup or a fully off-grid wind/solar home power system for larger homes. This is a powerhouse of a system, utilizing the newest inverter and battery technology at the best price in the USA!

The 48V Off-Grid Home PLUS System is compatible to work with all AC, wind, solar, generator power and/or any redundancy combination you require. This system connects to shore power so your battery will automatically charge when connected. The included low-frequency inverter eliminates power spikes within your home, allowing all your electronics in your home to last longer. This kit includes the safest LFP battery technology with our Built-In Triple-Safety Redundancy features. This system requires ZERO Maintenance and lasts 300% longer than lead-acid off-grid systems, and all battery packs come with a 10 Year Warranty!

10 Year Savings Vs Lead-Acid
