24v 100ah lifepo4 lithium battery

Amazon : Litime 24V 100Ah Bluetooth LiFePO4 Battery, Low-Temp Protection, ...

Buy Litime 24V 100Ah Bluetooth LiFePO4 Battery, Low-Temp Protection, 25.6 Volt ...

The RELiON RB24V100 24V 100Ah LiFePO4 Lithium Battery from Nomadic Supply Company® is perfect in many applications, including marine and electric vehicles. It maintains consistent power and is equipped with an M8 terminal type and built-in overcharge protection. All RELiON LiFePO4 batteries have installation flexibility, fast-charging capabilities and are maintenance free.

The RELiON RB24V100 is a 24V, 100Ah group lithium iron phosphate (LiFePO4) deep cycle battery. This group size 8d powerhouse battery is perfect for 24V marine applications with high power demands. It maintains consistent power and is equipped with an M8 terminal type and built-in overcharge protection, making it perfect for your marine adventures.

Group 8D; 24 Volt; 100 AH Capacity; M8 Threaded Stud Top Terminals; Lithium Iron Phosphate; 20-1/2 Inch Length; 10-1/2 Inch Width; 8.7 Inch Height; Deep Cycle Battery; ABS Case Material

RELiON lithium batteries provide more power than lead-acid batteries and are typically half the weight. Boosting both performance and agility on the water.

Lithium batteries can handle a wide variety of conditions and are even 2.5x more efficient at low temperatures than lead-acid while being able to safely operate up to 149°F (65°C).

RELiON lithium batteries charge much faster than traditional lead-acid batteries, and they're packed with more usable energy and up to 10 times longer life so you're always ready to go!

RELiON lithium batteries provide up to 10 times longer life than lead-acid batteries, and they still provide 80% of the rated capacity after 3,500 cycles.

RELiON lithium batteries are maintenance-free — no watering, no corrosion. Low self-discharge means the batteries don't lose capacity when they're idle, assuring that you have the energy you need, every time you need it.

Full power available throughout discharge. Voltage does not drop like lead-acid.

Partial state of charge, known as PSOC, which is a killer of lead-acid batteries, does not affect performance or battery life of a lithium battery. Sometimes batteries don't get fully charged, or they regularly operate

24v 100ah lifepo4 lithium battery

in a partial state of charge. Either way, you can count on RELiON lithium batteries living a long and productive life.
