

4000 watt inverter pure sine wave

4000 watt inverter pure sine wave

There are many suitable 4,000W inverters on the market right now, and this post will help you narrow your search.

If you are looking for a 4000W inverter, then you are probably looking for an inverter to power your off-grid cabin, larger boat, or RV. If this is the case, you probably want to include more sensitive appliances and electronics.

I'm going to assume this is probably the case and focus on pure sine inverters. So first, I'll review some of the basic functionality and then provide you with the options.

Let me briefly explain the different types of inverters and how to narrow down your choices.

There are two main output waveforms for Power Inverters; the modified sine wave inverter and the pure sine wave inverters.

Below are two of the market's most popular modified sine wave inverters.

Kreiger makes one of the most popular modified inverters on the market right now, and they back their inverters with 3-Year parts and a labor warranty.

This inverter is easy to wire and use and provides a wired remote control which is very convenient when the inverter is tucked away. In addition, the inverter offers 8,000 watts of peak power and numerous safety features.

Features: 2x 110 AC outlets, 2xUSB Outlets, Quiet Fan, 3 battery cables, Dimensions: 15.5 x 7.62 x 5.5 inches, Weight: 11.4 pounds, ANL inline Fuse, Built-in hardwired kit for applications larger than 15 Amps, Safety Protections (Overload, over-voltage, under-voltage, high temperature, and short circuit), ETL Approved Under UL STD 458

The energizer brand is well-known and has a good reputation. The Energizer 4000-watt inverter is one of the most popular modified sine wave inverters currently available online. We have listed its features for you to make your decision easier.

The Energizer offers 2-Year parts and labor warranty which is still very good for its category. It also has a wired remote, but in the case of the Energizer, it will need to be purchased separately.

Features: 2x 110 AC outlets, 2xUSB Outlets, 8,000W Surge, ired remote is purchased separately, Quiet
