No featured offers available

We feature offers with an Add to Cart button when an offer meets our high standards for: Quality Price, Reliable delivery option, and Seller who offers good customer service "No featured offers available" means no offers currently meet all of these expectations. Select See All Buying Options to shop available offers.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

The 48V Off-Grid Home Elite Max System was designed to completely power all your electronics and heavy duty home appliances in a 4-6 bedroom home. This system can be used as a large-scale emergency power backup or a fully off-grid wind/solar home power system for larger homes.

This is a powerhouse of a system, utilizing the newest inverter and battery technology at the best price in the USA! The 48V/19kWh KONG Elite Max Battery comes with a built-in color LCD Smart Display and new LFP cells guaranteed to last you 10-15 Years (depending on your usage). This battery is calibrated to the 6,000-Wh Growatt Inverter pumping enough AC power to keep everything in your home running smoothly. This complete system comes with all components and parts required to install on your house within a day! The 48V Off-Grid Home MAX System is compatible to work with all AC, wind, solar, generator power and/or any redundancy combination you require.

This system connects to shore power so your battery will automatically charge when connected. The included low-frequency inverter eliminates power spikes within your home, allowing all your electronics in your home to last longer. This kit includes the safest LFP battery technology with our Built-In Triple-Safety Redundancy features. This system requires ZERO Maintenance and lasts 300% longer than lead-acid off-grid systems, and all battery packs come with a 10 Year Warranty!

10 Year Savings Vs Lead-Acid

Introducing the KONG Elite Max from BigBattery, the largest-capacity unit we offer for those seeking to build a massive solar or off-grid power system. With an impressive 48V 19 kWh LiFePO4 capacity, the KONG Elite Max provides unparalleled power and reliability for your energy needs.

48v kong elite

Equipped with our advanced BMS (Battery Management System), the KONG Elite Max ensures a wide temperature operating range, making it suitable for even the harshest winter conditions. The battery incorporates brand new LiFePO4 cells, known for their exceptional performance and durability. For added convenience, the unit is equipped with sturdy caster wheels, allowing you to easily store and position your KONG Elite Max wherever it is needed.

Safety is a top priority, which is why the KONG Elite Max offers more BMS protections than any other battery in its class. With comprehensive safeguards against various scenarios, including Short Circuit, Over Current, Over and Under Temperature, and Over and Under Voltage, you can trust that you'll stay powered and safe throughout.

Additionally, this unit features an LED Smart Display, providing you with real-time monitoring of your battery's health and status. Stay informed about your power system's performance at all times and ensure optimal usage and maintenance.
