

50 amp solar generator for rv

50 amp solar generator for rv

Experience the ultimate RV Solar Kit with the Victron MultiPlus-II 12/3000 inverter and EG4 LL-S Lithium Battery. Designed in collaboration with Signature Solar Affiliates 1StrangeAdventure—a family of adventurers, travelers, and storytellers exploring the world's unique destinations—this kit ensures you can experience life off the grid and on the road. With a 50 amp RV system boasting 1600 amp hours of capacity, this kit provides more than enough power to support off-grid living. The MultiPlus-II ensures seamless power management with its versatile features, while the EG4 LL-S Battery offers reliable and long-lasting energy storage. Together, they create a compact and efficient solar solution for your RV adventures.

Disclaimer: Please note that additional items may be required to complete your installation, and solar panels are an optional addition to this kit. Be sure to review the included components before making your purchase.

The MultiPlus-II is an advanced inverter/charger that builds on the capabilities of the original MultiPlus by adding an external current transformer option, enabling PowerControl and PowerAssist, and optimizing self-consumption through external current sensing. It also includes built-in anti-islanding and is approved in an increasing number of countries.

Unique PowerAssist: Prevents overload of a limited AC source. Automatically reduces battery charging. Boosts shore side supply with power taken from the battery.

Split-Phase Output: 120/240V AC Output

Energy Storage System: Combine with MPPT Solar Chargers or Grid-tie PV Inverters.

UPS Function: Automatically takes over in the event of a grid failure in less than 20 milliseconds.

Remote Monitoring and Control: Accessible from phone, tablet, laptop, or PC for multiple operating systems.

Composed of (16) UL listed prismatic 3.2V cells which have been tested at 7,000 deep discharge cycles to 80% DoD - fully charge and discharge this battery daily for over 15 years without issue. Reliable and rigorously tested, with a 99% operating efficiency.

Harness clean, efficient energy with the Grape Solar 100-Watt Panel, ideal for off-grid use. Compact yet powerful, it delivers reliable performance with a long-lasting design.
