

600 kWh solar lithium battery inverter set

600 kWh solar lithium battery inverter set

The Latest Price Of 600KW 600KVA Solar Power System From The Factory Cost, High Quality Solar And Competitive Price, Three Phase Off Grid Solar Energy System

BrandName: Tanfon Solar Manufacturer

Certificate: TUV, ETL, ISO, CE, RoHS

Payment: T/T, L/C, Paypal, Western Union

industry leading technology

uninterruptible power supply

600KW 600KVA Off Grid Solar Power System With Battery Storage

How the off grid solar system working: This Solar system not only have solar power system function, but also have Utility complementary function. When main power off, the solar system can switch automatically to take use off solar power from battery to run load, When solar power not enough and power off, it can switch automatically to main power and connect with grid electricity take use of main power, at the same time charging battery. This is very suit for home use.

What's the difference between off grid and on grid solar power system?

Off grid solar power system doesn't connect to the power grid. In general, it includes solar panels, charger controller, batteries and inverter. This system will store the solar power into the batteries, batteries energy will be converted the electricity power to supply the appliances working through the inverter.

On grid solar power system connects to the power grid. In general, it includes solar panels, grid-connected inverter, the solar power will be converted the electricity power to appliance working directly. When the solar power is off, the power grid will replenish the electricity power to appliances working.

Solar Panel (Quantity: 750 pieces)
