According to the press service of the President of Abkhazia, "the situation with the provision of electricity is close to critical. According to Acting First Deputy Prime Minister - Minister of Energy and Transport Jansuh Nanba, the paid volumes of electricity supplies from Russia will partially cover the deficit by the end of Thursday, November 28.

Badra Gunba also instructed Acting Prime Minister Valery Bganba to focus the efforts of executive authorities on collecting debts for consumed electricity, to mobilize the necessary financial resources at the disposal of republican unitary enterprises, other state organizations and extra-budgetary funds.

EADaily reported that since September 1, Russia has partially suspended funding for the socio-economic assistance program to the republic due to Sukhum's failure to fulfill its obligations to Moscow. The reduction affected the salaries of teachers and doctors. In addition, Abkhazia has to pay for the flow of electricity from Russia at commercial rates.

SUKHUM. Nov 17 (Interfax) - Abkhazia is intensifying measures to counter cryptocurrency mining, and law enforcement officers have been tasked with seizing and scrapping mining equipment, Sukhum administration head Beslan Eshba said.

"Russia has been supplying electricity to Abkhazia on a commercial basis since the beginning of November due to a deficit of electricity," Eshba said at a meeting of the operational headquarters for responding to illegal cryptocurrency mining.

"Hence, control over electricity consumption has been tightened," Eshba said.
