AES partners with organizations of every kind--across the globe and at every stage of development--to provide clean, round-the-clock, renewable energy solutions. When you view energy as a strategic asset, that's when you'll make the greatest impact on your business goals, build competitive advantages in your industry, and lead the way toward a greener, sustainable future.

The AES Corporation (NYSE: AES) is a Fortune 500 global energy company accelerating the future of energy. Together with our many stakeholders, we're improving lives--and our planet--by delivering greener, smarter energy solutions to businesses and organizations, cities and nations, whole industries. Our diverse workforce is committed to innovation and excellence while partnering with our customers to meet their round-the-clock energy needs today, and their strategic renewable energy transitions into the future.

We're making the greatest impact to a greener energy future because we're making the greatest innovations. From bringing energy storage to India for the first time, to accelerating the global adoption of solar energy through new technologies, our people innovate to deliver transformative energy solutions to improve lives and green our planet in a rapidly-changing world.

A unicorn is the rare event when a privately held startup becomes worth \$1 billion or more. Fluence our unicorn joint venture with Siemens just IPO'd.
