Baghdad solar energy jobs

****Qimah Al Safinah for general contracting and trading Solar EPC**** is a specialized company focused on delivering comprehensive solar energy solutions. As a full-service ****Engineering, Procurement, and Construction (EPC)**** provider, the company manages all aspects of solar power projects, from concept to completion.

- ****Engineering****: Offering detailed design and optimization for solar energy systems, tailored to each client's needs and site specifications.
- ****Procurement****: Sourcing high-quality solar panels, inverters, and related equipment from leading manufacturers, ensuring the best technology is implemented.
- ****Construction****: Managing the installation of solar systems, including on-site execution, safety management, and quality control.

Qimah Al Safinah aims to support the transition to renewable energy by delivering reliable, sustainable, and cost-effective solar solutions, empowering businesses and communities to reduce their carbon footprint and energy costs.

This is a full-time on-site role for a Solar Engineer in Baghdad. The Solar Engineer will be responsible for tasks related to Solar Industry, Solar Power, Solar Systems, PV Design, and Electrical Design.

,QIMAH AL SAFINAH FOR GENERAL CONTRACTING AND TRADING LTD. 2

Fully incorporated in Baghdad, we have a 100% locally owned entity, Al-Mazaya General Services LLC.

NES has been in Iraq for 12 years and is fully incorporated in Baghdad under the company name North Eagle Star General Services & Manpower recruitment for Foreigners, Arabs & Iraqis, LLC.

NES is the only international provider to obtain Iraq's employment license for foreign & local recruitment services. We currently have over 1,000 contractors working across Basra, Baghdad and other remote locations within the Iraq region, on projects such as The Rumaila field.

Based in the south of the country, this oilfield is considered to be the fourth largest in the world - NES has supported this project for almost a decade and we are continuing to do so. To date, we've placed over 2,750 contractors in-country for 15 different businesses, demonstrating the large workforce numbers we manage.

The Ministry of Labour has recently increased its enforcement efforts regarding the regulation of both local
