If you're interested in living off the grid, you need reliable power! Our Battle Born Energy Off-Grid 24V Kits come fully loaded with 100Ah 12V deep cycle lithium batteries and supporting components to bring a complete power system to you. To sweeten the deal, all your components come pre-programmed too!

Look for some off-grid living inspiration for your system? Many of our amazing Off-Grid Living customers have built some seriously impressive off-grid homes and power systems.

These Motorized 30A Kits utilize the power of our flagship model, the Battle Born Batteries 100Ah 12V LiFePO4 Deep Cycle Battery:

Monitor, configure, manage, and update your Victron Energy equipment with the VictronConnect App. Victron Smart products connect to the app through Bluetooth, USB, WiFi, LAN, or remotely via the internet.

Renogy started in Louisiana while Battle Born is in Reno, Nevada, where it designs and assembles its batteries.

Renogy's 12V 100Ah smart lithium iron phosphate battery and Battle Born's 100Ah LiFePO4 battery are what I am going to review and compare in this post.

A big reason that lithium batteries are becoming more and more popular is that the prices of lithium-ion batteries are becoming very affordable, and research says that it's expected to keep going down in prices with an annual rate of 6.5% for the next decade.
