

Blue sky renewable energy program

Blue sky renewable energy program

Blue Sky's program customers help fund the installation of renewable energy ...

Launched in the spring of 2000, Blue Sky allows customers to match their energy ...

Tell us your state so we can offer more relevant content and personalize your experience.

Bring more renewable energy to our region for as little as \$1.95 per month.

Calculate your impact >>

megawatt-hours of renewable energy

participating customers

community-based projects funded

Support renewable energy in fixed price, 100-kilowatt-hour blocks of 100% western region wind (73%) and solar (27%) energy and help fund new, community-based projects in your state. The cost is \$1.95 per 100-kilowatt-hour block per month.

Match 100% of your electricity use with renewable resources from Oregon and the western U.S. The resource mix is likely to include wind (34%) and solar (66%).

The cost is \$0.013 per kilowatt-hour, or about \$12.50 more per month for the average residential customer in Oregon.

Same as Blue Sky Usage and also helps restore and preserve native fish habitats in Oregon through The Freshwater Trust. The cost is \$0.013 per kilowatt-hour, or about \$12.50 more per month for the average residential customer in Oregon, plus a \$2.50 monthly donation.
