Introducing the Battery-Box Premium HVL, a high-powered energy storage solution that provides emergency-backup and off-grid functionality. Its high-voltage series connection ensures maximum efficiency, and its patented modular plug design allows for flexibility and ease of use. The cobalt-free Lithium Iron Phosphate battery ensures safety, long lifespan, and power. The Battery-Box Premium HVL is compatible with leading high voltage battery inverters and conforms to the highest safety standards. Its single system provides a usable capacity of 12 to 32 kWh, making it suitable for a range of applications. Choose the Battery-Box Premium HVL for a reliable energy storage solution for your home or business, delivering exceptional value and performance D Premium HVL Battery System

The Battery-Box Premium HVL has high-powered emergency-backup and off-grid functionality.

It has the highest efficiency due to a real high-voltage series connection.

The patented modular plug design eliminates the need for internal wiring, allowing for maximum flexibility and ease of use.

It uses a cobalt-free Lithium Iron Phosphate (LFP) battery, which ensures maximum safety, life cycle, and power.

The Battery-Box Premium HVL is compatible with leading high voltage battery inverters.
