Watch this video to understand the different Solar Station Types ???? ??? ??????? ???? ????? ...

It all started in 2014 when Cairo Solar became the first Egyptian Company to save money for its client by converting solar to electricity.

Since then, Cairo Solar co. succeeded in designing, procuring and installing 75 projects for a total of about 16MWp solar plants. Cairo Solar's subcontracting partner has installed a total of 200MW in Egypt.

Cairo Solar provides 5 year loans with low interest rates so that Factories, Schools and Hotels pay what they save from electricity as installments without affecting their cash-flow.

Additionally, Cairo solar had co-managed the development plan of a USD100mn 50MWp solar farm in BenBan, Aswan for the SPV called "Cairo Solar Farm" with the lead sponsor ECG and the Foreign Technical Partner; Globeleq. Benban will host 1.8 GWp of Solar PV projects and would be the largest solar park in the world.

Hisham was the minister of Public Enterprise between 2018-2022. He has over 30 years experience in Investment Banking. He served as Board member in Cairo stock Exchange for 7 years and is currently the chairman of Arabeya online for securities Brokerage which ranks 3rd on the Egyptian Stock Exchange EGX. Hisham has acquired a Photovoltaic Systems (PV) certification from Canada.

Samer is currently the Chairman of Cairo Solar. As well as the General Manager of Trade Net, a private owned IT company established 1997. Trade Net offers IT solutions and consultancy services for small and medium companies.

Maher is currently the chairman and CEO of integrated office systems (IOS), a leading company in office automation systems and agent of OCE/Canon and Ricoh. Maher has extensive experience in business operations and after sales support, having dealt with hundreds of institutional clients and multinational organizations.
