Catl lifepo4 cells

CATL 3.2V 306Ah LiFePO4 Prismatic Battery Cell With More than 4000 cycles Capacity: 306Ah

EEL BATTERY explores wisdom in a new era of green energy, inherits the sprites of Simple, and adopts modern technologies in the creation of our green battery products.

? Genuine automotive-grade LiFePO4 cell for Tier 1 Manufacturers.? Voltage/Capacity/IR highly consistency ensures a long cycle life and exceptional discharge performance.? Perfect replacement for AGM, GEL, SLA batteries.? Budget-friendly cell for DIYers.

1. One Cell will come with one set busbar, bolt, and washer for free. (e.g. 4 Cells will come with 4 pcs(busbars + bolts + washers) .2. Each cell shall be used under strict monitoring, control, and protection by the BMS.3. Before the first use, always charge the cells to full voltage. | FAQ: LiFePO4 battery charging guide.4. We will match (capacity, voltage, resistance) all cells before delivery.5. The battery is suitable for DIY lovers with experience.

?DON’T:o Never discharge cells immediately following delivery.o DO NOT mix cells from various manufacturing series, even if they are of the same type and capacity, and mix old and new cells. Always use cells from the same manufacturing series and delivery batch for every battery.o DO NOT operate with loose terminal connections.

We guarantee you’ll be happy with cells you purchase from us. When your cells arrive if you’re not completely satisfied or if you suspect the integrity of the cell has been compromised immediately contact our support team via for further assistance.
