Commercial solar luxembourg city

Regardless of your industry, you've probably noticed the impact of soaring energy bills on your business's finances, and the situation is only set to get worse. If you've not considered solar PV for your commercial premises before, there's never been a better time to take a good hard look at the business case for this simple, efficient green energy source.

Luxembourg --9 rue du Chemin de fer

10, rue du CommerceL-3895 Foetz

5F, rue de l'IndustrieLuxembourg, Hollerich

SolarCells is the first producer of photovoltaic panels in Luxembourg, located in Hollerich. We manufacture high-quality panels using European components, certified with IEC standards, offering yields exceeding 400 Wc. Our range includes the Performance version and the Design (‘Full Black’) version, suitable for both residential and commercial needs, thus contributing to sustainable solar energy in Luxembourg.

Our panels, made in Luxembourg, are the result of cutting-edge technology utilizing 10BB monocrystalline cells to achieve some of the highest power output ratings available in the European market, surpassing 400Wp while maintaining an optimal and manageable form factor.

For the installation of our solar panels, Solarcells collaborates with local companies, all of which are approved installers on behalf of Solarcells.

A team of experts will work with you to assess your electricity needs based on your past, current, and future consumption. This way, each project is tailor-made. We specialize in solar panel installations, whether it’s for individuals or for larger-scale installations for professionals. We also work with communities.

ÉCONOMISEZ SUR VOTRE FACTURE D'ÉLECTRICITÉ

Grâce à l'installation de panneaux solaires sur votre toiture, nous vous aidons à économiser jusqu'à 50% sur votre facture d'électricité.

Avec High Tech Solar, votre installation photovoltaïque au Luxembourg est rentabilisée en 6 à 8 ans seulement.
