

# Croatia electricity bills

## Croatia electricity bills

the fields marked with \* are required

In Croatia, it is possible to switch most of the utilities by email. Most service providers won't notify you about the changes after switching the owner. They will just start sending invoices in your name to the property address.

If you are looking for a Croatian mobile phone provider, view this guide. In addition, view this post to learn about Croatian public television and its TV channels.

The facts are these&#8230;

Although switching utility accounts doesn't look like a complicated process, we shouldn't forget that the Croatian bureaucracy is heavy and complicated. Every person you deal with has a different personality, issues, and coffee breaks. In addition, certain bureaucratic processes, documentation, and solutions can differ for each case.

Next, we&#8217;ll discuss how to change utility accounts in Osijek, Rijeka, Split, and Zagreb. In future updates, we&#8217;ll add other major Croatian cities.

To switch an account for electricity in Osijek, you must contact Elektroslavonija Osijek.

The following documentation is required:

You only need to send a purchase contract or other proof of ownership.

Deliver the required documentation to:

HEP-TOPLINARSTVO d.o.o.Pogon OsijekUlica cara Hadrijana 7, 31 103 Osijek &#8211; view map
