These directives contains project management-related orders and guides that allow federal project directors and project teams to comply with applicable laws and regulations while putting in place most effective project management practices that increase probability of project success.

Please see the Project Management Lexicon of Terms for a DOE-recognized list of project management terms and acronyms.

The project management office was originally called the Office of Field Management (FM) and was under the purview of the Office of the Chief Financial Officer in the 1990s. In the Energy & Water Development Appropriations Act for FY 2000, the Senate initiated and the House concurred to eliminate funding for DOE's Office of Field Management.
