

Egypt electric vehicle incentives

Abdul Latif Jameel Finance Egypt has launched a new financing initiative for electric vehicles (EV), in what is considered to be the first of its kind in Egypt, and supports the Egyptian government's calls to "go green".

Mohamed El Gazzar, CEO and Country General Manager, Abdul Latif Jameel Finance Egypt, said, "This is an exciting time in Egypt for the adoption of green mobility solutions and the rise of electric vehicles is one way that our country can keep moving without damaging the environment.

“We have created this new financing option to help customers take their first step towards EV ownership and the initial feedback as been very positive."

Abdul Latif Jameel Finance Egypt is committed to providing a range of sustainable financing programs which encourage customers to purchase environmentally friendly products, through simple, easy to access procedures and financing options which will suit all incomes.

A new low-cost handheld device that tests the quality and safety of milk is being developed by the Abdul Latif Jameel World Water and Food Security Lab (J-WAFS) at the Massachusetts Institute of Technology (MIT).

MIT mechanical engineering PhD candidate visited milk collection centers in Maharashtra, India, and discussed collection practices with dairy farmers and center operators during a 2017 research trip. J-WAFS-funded technology being developed by Jain in mechanical engineering professor Sanjay Sarma's MIT lab will allow users at village-level milk collection centers like the one pictured to easily test milk for quality and nutritional consistency on site.

Fotowatio Renewable Ventures (FRV), part of Abdul Latif Jameel Energy, has been awarded a 55 MWac solar project in Armenia that will power more than 21,400 homes in Armenia with clean energy.

Tristan Higuero, COO East, meets Armenian Prime Minister Karen Karapetyan.
