Report other difficulties

If you used to pay your bills by going to the post office, you may have been prompted to phone them or do so online. Many opt for phones because they're not exactly sure how to make the payment online.

This article offers a brief step by step guide on how to take care of your bills online. It's simple, a time-saver and so much more convenient than making calls or going to the post office.

Quick pay definitely lives up to its name • it's the fastest and easiest option for someone whose considering making the leap to online bill payments.

What you need to do is simply head to the ARMS website, and click on the •Services• tab. Then move your cursor to •Quick Pay• and click on it.

If you're still not that confident in using a computer, you can always call your branch and they'll take care of it for you, they will also instruct you on how to make a payment online if you ask. We think it's the easiest one, but this is just one of the many ways to pay your bills. More information on ways you can pay your bills is available on the FAQ section on the ARMS website.
