

Energy storage battery brand 16 kWh

Energy storage battery brand 16 kWh

The Sungrow 16.0KWh LFP Battery, known as the SBR160, is a high-capacity lithium iron phosphate (LiFePO₄) battery designed for energy storage applications. This battery is specifically designed to provide reliable and efficient energy storage solutions for both residential and commercial use. Sungrow 16.0KWh LFP Battery offers a reliable and scalable energy storage solution, allowing users to reduce dependence on the grid, increase self-consumption of renewable energy, and have a reliable backup power supply during emergencies. It is a high-quality and efficient choice for residential and commercial energy storage needs.

Sungrow's SBR160, a high-performance and flexible energy storage solution. With its safest LFP cell chemistry and stackable design, it offers up to 25 kWh storage capacity. Experience easy installation, cable-less structure, and compatibility with Sungrow SHxxRT inverters. Enjoy efficient charging, 100% usable energy, and extensive safety features.
