Our company is a fully-integrated battery energy storage systems and solutions provider that's driving the energy storage market forward. EVLO pairs a deep industry background with unrivaled customer service to deliver world-class storage systems and solutions.

EVLO is committed to safety, sustainability, and service. We're dedicated to leveraging our significant technical expertise to bolster grid resilience, provide the capacity required to meet increasing energy demand, and support the adoption of clean energy for our neighbors and communities.

Discover the difference in our workplace culture and values. Who we are as a team reflects the framework for our actions as a company -- we believe in investing in people and empowering them to create new opportunities in the industry.

Our efforts are backed by several decades of research and development in battery technology from Hydro-Québec -- North America's largest renewable energy producer.
