Fusion 200ah lithium battery

Energy Eco offers quality products at the most competitive price in the industry, combined with fast delivery Australia wide.

All claims are subject to standard testing procedures by its authorised representatives. Should a battery be deemed defective due to a manufacturing fault and is within its applicable warranty period; it will be replaced with an equivalent battery free of charge. Proof of purchase is required. You bear all transportation costs to and from testing centres. The warranty period is not renewed or extended as a result of a repair or replacement. Warranty is not transferable and is only offered to the original end user of the product. Cease using the goods when a fault arises and contact the supplier or manufacturer immediately.

Warranty does not cover discharged batteries or diminishing capacity due to battery age and depth of discharge.

This warranty is in addition to other rights and remedies available at law. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Fusion Lithium is the pioneer of lithium deep-cycle batteries in Australia. Our industry leading advancements in lithium technology has made us the benchmark for lithium deep cycle technology world-wide. With a major focus on research and development Fusion Lithium Batteries have been designed to be superior in every aspect. Our lithium batteries are the most powerful and lightest lithium batteries in the world.

Shipping for any standard item is generally within 3-5 business days. Some bulkier items or special order products from certain suppliers (i.e: Victron) may take longer depending on stock at the vendor's warehouse. You will be kept up-to-date via email.

The Fusion Pulse range of batteries are only available through key dealers, dealers who we believe have the necessary knowledge to make sure your installation is done correctly. These dealers are authorised for sales, installation and warranty. To find an authorised dealer or if you're an experienced installer and wish to become an authorised installer, please contact us directly.

We pride ourselves on transparency and a doors-wide-open type of attitude. If you're looking to get into the marine battery world, we're here for you. Anyone can sign up to become a trade partner with us for free and get discounts applied right away.
