We are a service provider poised to meet you at your point of need. Our work involves the design, sizing, installation and maintenance of solar on and off-grid systems and solar backup power systems

We continue to refine our workmanship through experience. We have installed more than 200 solar systems over 9 years.

Our process has been tried and tested. And as new technologies emerge, we continue to find better ways of giving the best value.

We remain committed to putting our customers first and providing the best experience long after installation.

We address all queries and complaints promptly to our customers' advantage.

LOAD: Lights, TV, WiFi, Phone Charging
