With energy prices at record highs across Europe, consumers are looking for ways to both reduce their household bills and switch to zero-carbon renewables.

Huawei FusionSolar has pioneered battery storage for households, commercial and industrial applications and has now unveiled the Huawei LUNA S1 residential smart PV system.

The all-in-one solution includes core equipment such as a Smart Energy Controller, Smart Module Controller, Smart String Energy Storage System, Smart Charger, EMMA (Energy Management Assistant), SmartGuard, and Smart PVMS which when combined help deliver zero-carbon households.
