48V 20Ah Lithium ion Scooter Battery Is LiFePo4 Deep Cycle Rechargeable Battery To Replace the Lead Acid Battery

Experience superior performance with MANLY Battery's 48V lithium battery. The 48V 20Ah lithium ion battery is a high performance electric scooter battery. We provide a wide range of sample certifications for various fields and offer the option to obtain multiple certifications. MANLY 48V 20Ah battery for scooters typically has a lifespan ranging from 3 to 5 years, covering approximately 4000 to 6000 miles. This variance depends on factors such as storage conditions, usage patterns, and the battery's inherent capacity.

Generally, electric scooters undergo 300 to 500 charge cycles before their batteries begin to degrade. However, the MANLY 48V 20Ah lithium ion battery stands out with its extended durability, capable of enduring 800 to 1200 charge cycles when properly maintained and cared for.

Make the Smart Choice for Long-lasting Performance and Invest in a MANLY Battery Today!

1. Model Number: MLP4820 2. Nominal Capacity: 20Ah 3. Nominal Voltage: 48V 4. MAX Charge Voltage: 54.75V 5. MAX Charge Current: 20A(Customization) 6. Customization Support: Including voltage, capacity, current, size, appearance, etc.

The 48V 20Ah battery is highly customizable. It can be tailored to specific requirements, including voltage, capacity, current, size, and appearance. This flexibility allows it to meet diverse needs.

It serves as a convenient drop-in replacement for lead-acid batteries. With plug-and-play functionality, installation becomes effortless and hassle-free. Users can seamlessly transition to the lithium battery without complications.

Moreover, the 48V 20Ah lithium ion battery supplier offers a Supply Sample Service, enabling customers to evaluate the product firsthand. Additionally, fast delivery ensures prompt access to the batteries.

To ensure easy installation, each battery shipment includes essential components. These components consist of 18-8 stainless steel bolts (5/16 - 18 1" and 1 1/4 "), brass washers, and 18-8 stainless steel nuts with nylok
