Over 20 years of industry experience

Only focus on Li-ion BAT techs and products

Annually 800+ MWh delivery capacity

More than 180ton CO₂ emission reduced

From e-mobility to energy storage applications, LISHEN Battery is at the forefront of delivering reliable and high-performance lithium battery solutions tailored to meet the evolving needs of renewable power solutions worldwide

The 52MW Fishery-Photovoltaic Complementary Solar Power Station Project on a Guangdong Island is equipped with an energy storage system provided by our team. It consists of 2 sets of 40-foot lithium battery containers and 1 set of boost inverters. The overall protection level is IP55. This marks LIS

We are proud to be the supplier of HYSTER CHINA for the forklift battery pack, of which the latest forklifts are supposed to be ordered and used in BMW plant in Shenyang. Why LISHEN is trusted? We always spare no effort to keep the promise made to customers and is continually devoted to providing cust

On December 8th, the signing ceremony of the annual 36GWh project of Lishen battery was held in Chuzhou Quanjiao, Anhui Province. With a total investment of about 15.2 billion yuan, the project plans to build an annual 36GWh lithium-ion battery project, which will start construction in the first quarter of 2022.

Battery Network noted that at present, Lishen Battery has set up battery factories in Tianjin, Qingdao, Suzhou and other places to achieve mass production, while the latest start-up of Wuxi base construction.
