

Lithium-ion battery energy storage 10 kWh

Lithium-ion battery energy storage 10 kWh

Sorry, this product is unavailable. Please choose a different combination.

This Ground Eco 10 kwh battery is made by 4 units of 2.5 kwh Ground Eco, which is designed as a stackable pack. And can add more for obtain your ideal energy use. The lithium ion battery is a rechargeable battery for energy storage, with the chemistry is non-toxic and thermally stable, providing maximum longevity and safety.

This OSM Ground Eco includes a dynamic BMS with:

OSM Ground eco is a 48v 10 kwh lifepo4 battery unit, with new environmental protection backup power system for short-term, high-rate discharge scenarios. This 48v energy storage battery equipped with high-performance BMS, compared with traditional batteries, OSM 10kwh solar lithium ion battery has a wide range of performance and application advantages. The leading chemical technology, BMS technology and system design capabilities will bring excellent performance and reliability for homeowners, and will also provide the best solutions for industrial applications.

OSM Ground Eco 10 kwh battery pack has superior chemical and thermal stability, compared to other energy storage system lithium-ion batteries like those used in the Tesla Powerwall or LG Resu battery, Samsung sdi ess (those use more volatile lithium oxides). Overall, our Lithium Iron Phosphate batteries are the safest in the lithium-ion family.
