Subscribe to Powervault's email newsletter and be the first to hear about new products, plus get all the latest news, analysis and insight from Powervault.

Search results provided based on each installer's maximum radius operating distance from your search postcode. Please contact the installer of interest to verify that they cover your area.

By using this service you agree to our Terms & Conditions and Cookie Policy.

Powervault with SMARTSTOR(TM) can save you 90% more than other solar batteries.

Save up to 90% more on your electricity bill vs. a simple battery.

Use greener electricity and be part of the solution to climate change.

We're a British business with UK-based customer services.

Our batteries come fitted with industry-leading safety features.

Our MCS-accredited installer network can fit your full solar system.

Are you looking to have solar panels installed alongside your battery? No problem! Our nationwide network of MCS accredited installers is on hand to fit your full home solar system.
