"Earplugs to reduce noise and control sensory overload to help you focus"

?????Absolute life saver

"Loop Switch is a game changer. Being able to change from being able to hear conversations to blocking out more sounds interchangeably is amazing."

?????Cute, compact and calming

"I get overwhelmed by noises a lot, especially when shopping. These are great and compact for when I am out. They are super comfortable and block out so much noise."

?????Finally feeling rested.

"The earplugs never fell out of the ears during the night, even though when the shift they don't block the noise anymore so I have to set them during the night."

?????Kids have a happy mama.

"Before I got my Loop earplugs, I'd get triggered by noise and become more irritable as the day went on. Now my kiddos have a happy mama who can make it through the day with a genuine smile."
