Luxpower 6kw inverter for sale

FREE Shipping on all Victron and Canbat orders!

LXP6K Hybrid Inverter - the powerhouse for your energy needs. This innovative inverter allows PV and AC to share the load jointly, features a wide PV input voltage range, and accommodates both single-phase and unbalanced 3-phase configurations. Its unique ability to parallel up to 16 units ensures scalable power solutions, while the automatically generated host inverter efficiently manages the entire system. With a versatile 240V/120V output, it operates intelligently in off-grid and hybrid modes. Additionally, a dedicated generator port adds an extra layer of flexibility, making the LXP6K a top choice for robust and adaptive energy solutions.

All orders are processed within 2-5 business days (excluding weekends and holidays) after receiving your order confirmation email. You will receive another notification when your order has shipped.

Shipping and handling costs will be calculated at checkout, with orders of \$5,500 or more (before tax) eligible for free shipping - only applicable in Canada. Some remote and rural areas of Canada may incur additional shipping and handling charges. (Examples: Truck changes, ferry charges, etc.) For complete details on applicable shipping and handling charges for your specific location, please contact our team for more information.

If additional unanticipated shipping charges are incurred as a result of revisions to addresses made after shipments have departed, rerouting to alternate locations, temporary storage requirements, or other unexpected changes that affect the total costs of shipping, these charges shall be covered by the customer.

Once your order has been shipped, you can reach out directly to the carrier for updates on delivery status and questions about your shipment. If you are unable to obtain an answer to your question directly with the carrier, contact Solar Power Store for further assistance.
