Barchart also offers extensive historical data through Barchart Excel and via API through Barchart OnDemand (Web Services). Both services provide access to historical market data across stocks, options, indices, futures and currencies.

Stocks: 15 20 minute delay (Cboe BZX is real-time), ET. Volume reflects consolidated markets. Futures and Forex: 10 or 15 minute delay, CT. Market Data powered by Barchart Solutions. Fundamental data provided by Zacks and Morningstar.

You can also view the latest trades, and view corporate actions (U.S. equities only) by selecting the appropriate tab.

Barchart Premier Members may also download additional data using the "Historical Data" page, where you can download Intraday, Daily, Weekly, Monthly, or Quarterly data (going back to Jan. 1, 1980).

Site visitors (not logged in) see 3-months of daily price information for any symbol that Barchart carries. When logged into the site using either a free or Premier membership, you can change the amount of data to display using the data selector.

Choose from 1-month, 3-month, 6-month, 1-year, or 2-year.

In addition, you can adjust the price history for dividends (check the Dividend Adjust box). My Barchart and Barchart Premier members may download the data to a .csv file for use in 3rd party spreadsheet programs.

Note: Historical minute and daily data for stocks is automatically adjusted for splits.
