

Naypyidaw energy conservation

Naypyidaw energy conservation

<Dispatch of Experts>Under the instruction and financial support of the Ministry of Economy, Trade and Industry (METI), the Energy Conservation Center, Japan (ECCJ) implemented an energy conservation support program for Myanmar on Nov.19 to 20, 2018.The objectives of this program are to support to make draft of Energy Manager System and EC Guideline.

Now the Energy Conservation Law is under preparation for enactment in 2020. The supplementary regulations of the EC Law are also under preparation and ECCJ has supported to establish those regulations such as Energy Manager System and EC Guideline and so on.

Considering the period of public comment, they need to complete the preparation within 2018 this situation ECCJ held a workshop for the Energy Manager System and EC Guideline to be completed its draft.

ECCJ held workshop in Japan on June and this time we dispatched 3 experts to support workshop on 11, 12 Jun. with 27 person participated. The workshop implemented by 3 group work.ECCJ will dispatch 2 more times in this fiscal year and aims to complete the draft.
