New york electric grid el salvador

Intelligent insights & conversations with global power industry professionals

This award shows the AES" commitment to promote innovation in the Salvadoran electricity sector, for the benefit of its customers. "We congratulate AES El Salvador for successfully implementing its new Smart Grid project, which is very important for the reliability of electricity in El Salvador", s aid Neil O"Sullivan, Director of NOJA Power. AES invested US\$ 300,000 in the construction of the ...

The Energy Central Power Industry Network® is based on one core idea - power industry professionals helping each other and advancing the industry by sharing and learning from each other.

If you have an experience or insight to share or have learned something from a conference or seminar, your peers and colleagues on Energy Central want to hear about it. It"s also easy to share a link to an article you"ve liked or an industry resource that you think would be helpful.

Your access to Member Features is limited.
