At ERS Energy, we strive to offer the best solar services just as we did when we started over 10 years ago. After winning a few awards, attaining milestones and building Malaysia's biggest solar project (2008), we still offer the same budget-friendly prices for the best solar brands. We cater to your solar needs; big or small: be it a single solar panel, a complete solar power system, or even a utility-scale solar development with financial support. As a one-stop solar PV solution provider, we are here for all your solar needs.

Our line of solar energy services:

Solar for the industrial sector.

Solar for commercial businesses.

Solar for going off-the-grid.

Solar financing for solar projects.
