November 14, 2023 :: Energy Storage News & First Citizens Bank Leads \$170 ...

California has one of the most ambitious clean energy goals in the country and is implementing some of the most innovative technologies on their path to achieving 100% carbon-free power by 2045.

Since 1989, AES has been powering California and supporting the state"s grid reliability needs. We are committed to a safe and responsible transition to clean energy in California. Together with our customers and partners, we co-create innovative and sustainable energy solutions, create local jobs and invest in communities.
