Ohio Edison is a FirstEnergy company that serves northeast and central Ohio with electricity transmission and distribution. Learn about its history, awards, customer ...

Ohio Edison provides electricity transmission and distribution to the northeast and central Ohio regions. Ohio Edison is operated by FirstEnergy Corp (NYSE: FE), one of the nation's largest electricity operators with 6,000,000 customers. FirstEnergy is headquartered in Akron, Ohio nsumers in Ohio Edison can choose a Certified Retail Electricity Supplier (CRES) for their electricity supply.

Want info on how to shop for a Competitive Retail Electricity Supplier in Ohio Edison? A CRES offers the security of fixed rate plans.Jump right to that info!

Ohio Edison serves an area of northeast Ohio along Lake Erie and central Ohio. Cities served includes Akron and surrounding areas, Youngstown, Elyria, Mansfield, and Ashland.

The price to compare in Ohio Edison is also known as the standard service offer. This is the rate you will pay for electric generation if you do not switch to an alternative electricity supplier. Refer to your most recent Ohio Edison utility bill to confirm your specific price to compare when shopping for an electricity supplier.

Remember, the price to compare changes periodically. By locking in a fixed rate with an alternative supplier, you get price protection.
