On Thursday the 14th of July between 00:00 and 05:00 BST we will performing maintenance on the vend service, therefore attempts to top up your meter will fail. We recommend that you do not attempt to make a payment between these times as funds may be earmarked by your card issuer and may take a little time for the funds to become available again.

Please be aware that we will be carrying out essential maintenance during the following times:

As long as you have credit on your meter at 4pm on Saturday 30th November, your energy supply will not disconnect.

Register to make a payment and manage your online account.

Here you'll see the bank details we have registered for you and your Direct Debit date arrangement details. You'll need to give the page a little scroll.

You'll see the "Top-up your balance" box. Click "Make a top-up payment", this gives you the option to make a one-off card payment.

You can pick the amount you'd like to pay by entering a number in the available box. You'll then be able to see what your balance will be after this payment shown below this box. Click "Pay now" to be taken to a secure third-party site where you can provide your card details.

If you refresh your Homepage, your new balance should be showing straight away. You'll also receive an email or text to confirm the payment depending on your communication preferences.

Job's a good-un! Your balance is nicely topped up to cover your future energy costs. Don't forget you'll also be able to see this payment shown as a "CARDPAYMENT" on your next monthly energy summary.

I paid by card my last bill. But have noticed the payment hasn't come out of my bank. It's been 3 weeks. I've emailed. Can't get through on phone and been on chat. But there's no help. Anyone had similar?
