

Panasonic solar panels amman

Panasonic solar panels amman

We're a leading Middle East solar product importer, based in Amman, Jordan, with branches across four countries. Our focus is on top-quality solar panels, inverters, and batteries for residential, commercial, and industrial clients. We work closely with global solar leaders like Trina, SOFAR, D.Grid, and OKAYA to provide cutting-edge technology.

Our nine branches in Jordan, Lebanon, UAE, and Sudan are committed to innovation and top-notch customer service. We offer tailored solutions, including installation, maintenance, and support, ensuring a seamless experience for our clients. We continually strive to exceed expectations and stay ahead in the industry.

Noon we are committed to providing our customers with the highest level of service and quality products. Our team of experts is dedicated to helping you choose the right combination for your specific needs, ensuring that you get the most out of your system. Whether you're looking for an on-grid inverter, hybrid inverter, or off-grid inverter, we have the perfect solution for you.

We take pride in our high quality products and cutting-edge technology in our inverters. Our products are rigorously tested to ensure they meet our strict standards for performance, reliability, and safety

Noon is an e-commerce initiative that offers a comprehensive range of solar components from Maxima and other complementing brands. Maxima and DUSOL range of solar components endure balancing quality with price, making feature-packed highly reliable products available at a good value to the end-user.

Str.40 Behind Justic Tower

We are a distributor and wholesaler of solar systems. During our time in business we have worked with hundreds of B2B clients from over 50 countries. Our business partners are installers, EPCs, distributors, wholesalers and manufacturers. Our portfolio includes everything for PV: panels, inverters and optimizers, charging stations, mounting systems and PV accessories.

We also offer a wide range of services, including always available professional technical support, an interesting partner program, and detailed logistics that make PV material available to you anywhere in the world. For our partners and B2B customers we prepare regular free PV trainings, we follow and bring you solar news. We are happy to share our know-how with you.
