Crews with multiple utilities—including the Snohomish County Public Utility District (Snohomish PUD) and Puget Sound Energy (PSE)—are continuing to deal with tens of thousands of power outages Sunday, days after an atmospheric bomb; weather event pummeled Western Washington.

As of 5:00 p.m. Monday, 6,540 customers in Washington remain affected by power outages, the website poweroutage confirmed. Less than two days ago, at 11 a.m. Saturday, 92,428 customers were impacted by power outages. At 3:45 p.m. Friday, that number stood at 138,532 outages.

Those numbers are all improvements over the 185,245 customers impacted as of 6 a.m. Friday. There were 328,464 homes and businesses impacted as of 6:20 a.m. Thursday. There were 578,000 customers impacted as of 5:15 a.m. Wednesday. The outage number topped 650,000 during its peak.

The PSE outage map is reporting 301 outages and 6,246 homes and businesses across multiple areas of Western Washington are without power as of about 5:00 p.m. Monday. At approximately 11 a.m. Saturday, there were 1,044 outages affecting 83,433 customers affected. There were 1,264 outages and 125,775 customers were without power as of 3:45 p.m. Friday. That is compared to 1,241 outages and 166,672 customers not having power as of 6:10 a.m. Friday.

In a statement on its website early Sunday, the utility called out specific service areas that were still seeing significant outages and issues.
