

Power road lithium battery

Power road lithium battery

These Powerroad Lithium Leisure batteries are capable of thousands of cycles, to 100% depth of discharge under normal conditions. They have built-in automatic protection for over-charge, over-discharge, overcurrent and over-temperature.

Fitting and Installation Service: In addition to a fitting service for motorhome and caravan solar panel kits we also install a wide range of accessories via our sister company the Motorhome Workshop, including Gas Systems, Generators, Reversing Cameras, WiFi and more.

These 12v 100ah Power Road Lithium Leisure batteries are capable of thousands of cycles, to 100% depth of discharge under normal conditions. They have built-in automatic protection for over-charge, over-discharge, overcurrent and over-temperature.

Each battery is lightweight, about 30% ~70% of the weight of a comparable lead acid battery.

batteries support up to 4 in Series (51.2V) and 2 in parallel.

They also come with a 5 year guarantee and all the components in the battery can be recycled or repurposed at the end of useful life, saving the environment.

Please note: Due to the size and weight of the batteries, there can be delays in shipment; please do contact us for more details.

Nominal Capacity – 100Ah@20hr

Cycle Life – 2000 Cycles @ 0.5C charging/discharging, until 80% capacity

Charging Current – 50Amp

Max Discharging Current – 200Amp

Dimensions (LxWxH) – 328 x 172 x 220mm
