Looking for a compact and powerful battery for your RV, solar system, or trolling motor? Look no further than the Power Queen 12V 100Ah Mini LiFePO4 Lithium Battery.

This mini battery packs a punch with its upgraded 100A BMS and a max energy of 1280Wh. Not only is it smaller and lighter than its predecessor, but it also offers a longer lifespan of up to 10 years and can handle up to 15,000 cycles.

Its flexible installation options allow you to save space and use it in any direction. So, if you're in need of a reliable and durable energy storage solution, the Power Queen 12V 100Ah Mini LiFePO4 Lithium Battery is the perfect choice.

If you are in need of a reliable and long-lasting battery for your RV, solar energy system, trolling motor, or camping adventures, the Power Queen 12V 100Ah Mini LiFePO4 Lithium Battery is an excellent choice.

This battery offers several features and benefits that make it stand out from the competition. With its smaller size, lighter weight, and high energy density, this battery is designed to provide maximum efficiency and convenience for your energy storage needs.

Scientific research and testing have shown that the Power Queen 12V 100Ah Mini LiFePO4 Lithium Battery performs exceptionally well, delivering up to 15000 cycles and boasting a 10-year lifespan.

It is CE, RoHS, and UN38.3 certified, ensuring its safety and reliability. Many customers have also praised the battery's performance, durability, and versatility, further affirming its effectiveness.

The Power Queen 12V 100Ah Mini LiFePO4 Lithium Battery is 22% smaller in length and 24% smaller in width compared to other batteries in its category.
