

Residential energy storage cape town

Residential energy storage cape town

A Residential Solar Battery System in Cape Town enables you to operate ...

We are providing Turnkey Service for Solar Systems and Battery Storage Projects for our Residential, Commercial and Industrial / Agricultural customers. Our systems are carefully designed and tailored to the exact requirement of each client. We ensure the success of every project by only using the market leading equipment. We offer comprehensive Solar System Finance solutions to all of our clients and ensure that your new PV System is not only meeting your Energy Demand; it also ensures that you enjoy Financial Benefits from the first day.

Produce your own electricity at zero cost and store it in your batteries. The sun won't send an electricity bill and provide power, even if the grid can't.

We have been recognised with multiple awards by international brands like Tesla and SolarEdge for exceptional service and workmanship.

We understand that things change. Our systems are designed and built to grow with you and ensure even future requirements can be met.

We are proud of our work and how we are positively impacting our clients lives. Don't take our word for it and read our reviews on Google.

We understand the impact that Load-shedding and electricity price increases have on your life. Let's turn the worry and frustration into:

To be prepared for load-shedding and electricity price increases

To live your life without worrying if you have electricity or not

To have partnered with a solar company that understands your priorities and requirements

Treetops is the leading Turnkey System Integrator for Photovoltaic Systems. We are specialized in Solar Systems and Battery Storage Projects to reliably and affordably supply of electricity to homes and businesses. Our Battery and UPS Systems provide uninterrupted Power on a residential and industrial (several MVA) scale.

We take over the lead for every step of your way to Energy Independence and provide you with a hassle-free Turnkey experience.
