We're all about solutions

Rittal GmbH & Co. KG is headquartered in Herborn, Germany, and is the world's leading system supplier for enclosures, power distribution solutions, IT infrastructure, and software & services. Customers in every industry, from mechanical and plant engineering to IT and telecoms, use Rittal system solutions.

Our broad product range includes complete solutions for modular and energy-efficient data centres, innovative security concepts, and physical data and system backups for IT infrastructures. Thanks to leading software vendor Eplan's interdisciplinary engineering solutions, and Kiesling Maschinentechnik's automation concepts for switchgear manufacture, Rittal covers most aspects of the value chain.

Rittal was founded in 1961, and now boasts 9 production facilities and 65 subsidiaries across the globe. Rittal employs a total of 9,200 staff and is the biggest company in the Friedhelm Loh Group. In 2022, it was named one of Germany's leading employers by the Top Employers Institute, for the fourteenth year running.
