

Solar energy suriname

Solar energy suriname

Suriname is set to build a floating solar farm on the ocean around its coastline, as the Caribbean's third-biggest oil producer looks to harness renewable energy resources. The solar program is being funded by the...

As of 2020, 52.9% of Suriname's electricity was generated from fossil fuels, 46.7% from hydro power, and 0.4% from solar energy. Suriname aims to keep its share of electricity from renewable sources above 35% by...

As a supplier of renewable energy systems & installations in Suriname, we deliver ...

Comprehensive residential solar installation by HSW Energy featuring advanced ...

HSW Energy N.V. founded in 2016 and located in Suriname (South America), specializes in Proven Quality Renewable Energy solutions suitable for the local market and other regions.

As the demand for Solar Energy grew locally and internationally, our company gained shape and envisioned to become the market leader by investing a great amount of time in research & development into solutions.

Since the establishment and existence of HSW Energy N.V., we received numerous requests for designing and building solar powered systems.

Through the professional expertise of our people, which comprises a team of qualified individuals, we provide our clients with services based on their corporate and personal needs.

Our aim is to offer high level professional services emphasizing in quality of service, prompt delivery, technical excellence and commitment.

“Embrace the power of the sun: Switch to solar energy and harness a cleaner, greener future for generations to come.”

The price of solar energy has been dropping dramatically during last 20 years and the projections suggest that it will maintain that trend in the coming years. In a near future, solar energy in Suriname will be cheaper than the electricity coming conventional fossil fuel plants.
