## Solar panel companies in kent

The data on this page comes from real solar quotes to real solar shoppers on the EnergySage Marketplace. We give you access to transparent information so you can confidently make informed energy decisions. Learn more about how our Marketplace works and how we make money.

Any major home improvement project requires a skilled contractor. Solar's no different. In fact, choosing a high-quality solar installer is crucial to getting a system that actually performs well and saves you money.

But Kent, WA has 9 solar companies available on the EnergySage Marketplace alone--so how do you choose the best one?

Ranking solar companies is our bread and butter. We screen every solar company before allowing them to join our platform to ensure they'll deliver top-notch installations. With that in mind, here's our ranking of the top five solar companies in Kent, WA based on ratings, reviews, and more.

Our Marketplace has provided hundreds of thousands of quotes to homeowners from solar installers across the country--so we have the data to help you find the best one for you in Kent, WA.

Based on this information, we created a tiered ranking system to evaluate solar companies. It focuses on three key areas:

Results, based on success with real customers-from quotes to installation.

Reputation, based on ratings and reviews.

Responsiveness, based on how quickly they respond to questions and requests.

The ranking system includes four tiers of installers: Approved, Advanced, Elite, and Elite+. If a solar company doesn't meet the Approved criteria, they aren't allowed to join our Marketplace.

We also recognize installers annually for standout customer service through the EnergySage Installer of the Year awards.

High-quality installers care about their reputation. They want to install equipment that performs well and will last a long time. If you get quotes with equipment that you can't find much information about, that's a red flag.
