

# Solis 100k 5g pro datasheet

Solis 100k 5g pro datasheet

Solis-(100-110)K-5G Solis Three Phase Inverters Models: Solis-100K-5G Solis ...

Solis-(100-110)K-5G Solis Three Phase Inverters 360 degree 400V:-100K-5G ...

Solis-(80-110)K-5G-PRO 3-phase series inverter is a new generation of Solis 5G models, designed to provide high quality solutions for C& I PV projects. Its maximum PV string input current is up to 20A, which can be used for a variety of efficient PV modules, supporting more than 150% DC oversize, High efficiency, Stable and Reliable; Compatible with RS485 / PLC/Wi-Fi/GPRS communication modes, AC/DC interface optimization design, strong cable compatibility, convenient installation, cost saving. Combined with the abundant online O& M tools provided by Solis cloud platform, which can effectively reduce O& M costs and simplify it, improve system efficiency.

Compatible with bifacial modules

DC side supports "Y" connector

Power line communication (PLC) (optional)

Remote firmware upgrade with simple operation

AFCI protection, proactively reduces fire risk

Intelligent string monitoring, smart I-V curve scan

Globally recognised branded componentry for longer life

Built-in PID recovery for better module performance (optional)

Intelligent redundant fan-cooling
