

Southern gas company

Southern gas company

Our rates are regulated by the California Public Utilities Commission, or CPUC, based on three components:

Our mission is to build the cleanest, safest, and most innovative energy infrastructure company in America.

At Southern Company Gas, our customers come first. That's why we are building a sustainable future where energy is clean, safe, reliable and affordable. We believe the most practical, realistic path to that kind of future includes natural gas and the infrastructure that transports it.

As part of the Southern Company portfolio, we provide natural gas solutions to 4.4 million families and businesses.

We work to maintain clean, safe, reliable and affordable energy choices and ensure the vitality of our communities for future generations.

As one of the nation's largest natural gas companies, we are driving toward transformational innovation and a net zero future.

The safety of our customers, communities and employees is our number one priority.

The lives of our employees, customers and communities.

In innovative solutions, offering choice, convenience and more.

Each subsidiary provides these primary services:

Atlanta Gas Light, is the largest natural gas distributor in the Southeast and is headquartered in Atlanta. It was founded in 1856 to install gas streetlights in Atlanta. The company now distributes natural gas to more than 1.6 million residential, commercial, and industrial customers in 200 communities throughout the state of Georgia. Additional services include:

Chattanooga Gas provides retail natural gas sales and transportation services to approximately 62,000 customers in Hamilton and Bradley counties in Tennessee. It was founded in 1890 and is headquartered in Chattanooga, Tennessee. In 1988, Atlanta Gas Light acquired Chattanooga Gas Company.
