

Tajikistan industry and market trends

Tajikistan's economy grew by 8.3% in 2023, supported by remittance-induced domestic demand and exports of precious metals. The economy experienced a broad-based expansion led by the agriculture sector, followed by industry, construction, and services.

The world's most comprehensive market research on consumer products, commercial industries, demographics trends and consumer lifestyles in Tajikistan. [Read More](#) [Refine by](#)

Tajikistan has demonstrated robust economic growth, with a significant expansion of 8.3% in 2023 and 8.2% in early 2024. This was driven by increased revenue from gold exports and public infrastructure spending. Worker remittances and public wage increases have also buoyed the country's economic activity, bolstering domestic demand and ...

Located in central Asia, Tajikistan is a former Soviet republic. A landlocked country, it is bordered by Afghanistan, Uzbekistan, Kyrgyzstan, China, and Pakistan. The economy is small, but its ...

Tajikistan is a small, low-income developing country with a GDP of \$10.5 billion in 2022, forecast to grow six to eight percent in 2023. It has a resident population of about 9.5 million people, augmented by an estimated one to two million Tajiks residing in Russia as labor migrants.
